The Organizer reminds all competitors and especially the ones in CHALLENGER and SSV categories, that:

OVERGARMENTS CAN BE WORN OVER RACING SUITS TO PROTECT THE CREW FROM HARSH WEATHER CONDITIONS SUCH AS COLD, RAIN, WIND, etc.

Homologated overgarments in compliance with Standard 8856-2018 are available by three manufacturers, **Sparco, Sabelt and Marina Racewear** (see attached technical list No.74 where these products are mentioned).

Their use is authorized by Appendix L. Overgarments may be worn over the racing suits to protect crew from harsh weather conditions such as cold, rain, wind, etc.

Please note that FIA standard does not evaluate the capability of these overgarments to protect from harsh weather, but only the safety compliance of the materials used in these products.
